To,
Ms. Aruna Subramaniam,
Trustee,
Bhoomika Trust,
Chennai.

Thank You!

Dear **Ms. Aruna Subramaniam,**

Greetings from International Justice Mission (IJM)!

Thank You for your commitment and support in helping out the 1200+ vulnerable Irular Tribal Households spread across Chengelpet, Kancheepuram and Thiruvallur districts of Tamil Nadu in this crucial period. As the World is battling against the COVID-19 pandemic, it is this act of partnership that we need to promote by standing in the gap to help the vulnerable in this critical period. Your timely aid enabled to sustain these Irular homes who have lost their livelihoods in this season and prevent a worst-case scenario.

IJM is a global organization that helps protect the most vulnerable from violence and exploitation irrespective of their gender, religion, community, caste, race, and ethnicity. IJM India works alongside the State and Central governments to help rescue and rehabilitate victims of human trafficking and prosecute offenders. Even during this unprecedented global crisis, our top priority remains working with the Government in protecting the rights of the vulnerable and building stronger, safer, and more equitable communities for vulnerable families.

As highlighted in Goal 17 of the United Nations Sustainable Development Goals, we need to have such concerted efforts and strong partnerships to bring about sustainable development. We take this moment to Thank You and the Bhoomika Trust Team in making this Relief Aid Drive possible.

Looking forward to more collaborations in the future.

With Regards,

Merlin Freeda

Director of Operations
